Sir:

On September 16, 2008, the undersigned and Examiner Fennema spoke by telephone and the amendments listed on page 2 of the Notice of Allowability were authorized by the undersigned.

The Applicants would like to thank the Examiner for the allowance of the subject application. Applicants agree, without prejudice, that the distinctions listed by the Examiner on page 2 of the Notice of Allowability over the prior art provide sufficient basis for allowance of the application. However, Applicants respectfully submit that there may be alternative and/or additional patentable distinctions between the claimed invention and the cited prior art, related or unrelated to those explicitly addressed in the "Statement of Reasons for Allowance". In addition, the claims as allowed include specific language that differs from the language used by the Examiner. For Example, the claims as allowed do not include the language "fix-up code."
